Our Mission

Founded in 2021 to create a youth program, educate the public about the plight of wild horses on public lands, and to rescue horses at risk of going to slaughter.

Our Vision

Our vision is to create a self sustaining sanctuary by creating eco-tourism opportunities which will allow us to host and educate the public, create our youth program, provide volunteer opportunities, and help additional horses at risk of going to slaughter.

The Road Ahead

We now have 85 acres in Arizona to expand our operations and set up facilities to fulfill our vision of a campground, education center, and barns to help horses and youth, to generate income and provide for a caretaker in the future. Our plan is to relocate by the Spring of 2026. For more information, visit our website for our Business Plan.

Message From Our Founder

Greetings!

We are a small organization that is 100% donor supported. All donations go directly toward the rescue and care of the horses at our sanctuary. Thanks to our monthly donors, **John D, Karen R, Lesli K, Amy B, Beth B, Arthur S, Shelly R, and Gayle L**, your steady donations are the backbone of our organization.

Thanks to everyone who donated with short notice to help bail and transport two horses at risk. **Kelly H, Nicole S, Alison J, Joanne M, Sheryl M, Patricia C, Michele H, Gina C, Cari H, Jill R, Vicki D, Donna H-O, Gay C, Sweet Grass Advocacy for North American Equines, Lacey Hays, Margie P, Grant Management Associates, and Thon W**, we could not have done it without you!! (My apologies if I somehow omitted you from this list! Please let me know and I will add you.)

A special thank you to **Karen H** for securing several matching donations from her employer, PG&E!!! That was a real game changer!!! And special mention to **Nicki J** and **Bonnie K** who have supported us from the start.

We could not do this without you, and I am honored and humbled that all of you would partner with us in supporting our mission. Because of you, our donors, we have rescued over 70 horses to date.

70+

Number of horses saved to date

As we look forward to the future, we hope to expand on our rescue efforts, but also expand our outreach, and our youth and volunteer programs. We are taking 2025 to plan what we would like our future to look like, and we will be releasing our Business plan by the end of the year. We are very excited for what the future holds. I hope you will join us in our journey.

Sincerely,
Tracy Mohr, founder
